**'A really great example of your more progressive, modern and forward thinking ideas in music! Artio have really got that f\*cking nailed perfectly'!**  
**(Jack Saunders BBC Radio 1)**

Artio's latest offering is perhaps their most accomplished in terms of sheer song writing and production. 'I Can't Sleep' straddles the line between pop banger and alternative anthem effortlessly with both Dr. Marten clad feet firmly rooted in both camps. As the lead single from the bands 2nd installment of Shapeshifter EP's, 'I Can't Sleep' offers us a tantalising glimpse of what is to come from one of the UK's most exciting new bands.

'I Can't Sleep' deals with the all too familiar human state of feeling overwhelmed in situations and the effects that those uncontrollable feelings can have on relationships and your own mental wellbeing.

**The rise of Artio over the past two years, since their inception has been incredible. The band are still in their teens and have graced stages large and small all over the UK. They have achieved global radio coverage with over 250,000 spotify streams and with interest from high level management, this is just the beginning of Artio's journey so make sure you are strapped in for one hell of a ride.**
